KNOWLED™

CINEMATIC LIGHTING ECOSYSTEM

2024 | 1st EDITION

601-371

Knowled
Take You Further

At Godox, we have always been dedicated to providing a comprehensive range of lighting solutions for filmmakers and content creators. KNOWLED series, in particular, stands as a testament to our commitment to elevating the standards of professional production.

In the dynamic world of film and television production, lighting plays a pivotal role in shaping narratives, evoking emotions, and capturing moments in their full splendor. With KNOWLED cinematic lighting ecosystem, we empower filmmakers with the tools they need to bring their creative visions to life.

POWER **730**w			
Power 730W	Supporting V-mount Battery	15,700Lux@3m with Reflector	Bowens Mount

M600D

- 15,700 lux with reflector at 9.8'
- Top-notch control box
- CRI≥96, TLCI≥97
- Adjustable finely in 0.1% or quickly in 10% increments
- 4 dimming curves
- Supporting V-mount battery power supply
- Powerful cooling system
- Controls: DMX, App control, 2.4GHz remote, on-board
- 4 built-in FX effects
- Bowens mount for wide compatibility

M600Bi

- CCT: 2800K-6500K
- 17,500 lux (with reflector)/40,100lux (with Fresnel) at 9.8'
- Well-engineered to evenly blend the colors
- Top-notch control box
- CRI≥96, TLCI≥97
- Adjustable finely in 0.1% or quickly in 10% increments
- 4 dimming curves
- Supporting V-mount battery power supply
- Powerful cooling system
- Controls: DMX, App control, 2.4GHz remote, on-board
- 7 built-in FX effects
- Bowens mount for wide compatibility

Light Head	×1	Wrench	×1
Controller Box	×1	Connect Cable	×1
SA-08 Barndoor Set	×1	Power Cable	×1

Projection attachment: project a highly focused and controlled beam of light.This attachment is what enables you to get the utmost out of creativity of Focusing light series for it is specially designed for fitting a vast range of light shaping accessories.

SA-P Projection Attachment (included a SA-01 85mm Lens)

SA-01 85mm Lens

SA-02 60mm Wide-angle Lens

SA-03 150mm Telephoto Lens

SA-01 85mm Lens

SA-P Projection (included a SA-01)
Abundant Accessories
SA-08 Barndoor Set

Barndoor set: to precisely control the light beam as required. There are small clips on the plate for clipping diffusion fabric or gels on.

SA-30/SA-20 Softbox

Offers soft and even light effects.

SA-05 Scrim set

To reduce the light intensity and control the light graduation.

SA-07 Scrim set

To reduce the light intensity and control the light graduation.

Detachable Design

AT200Bi

- CCT: 2700K–8500K
- LED mat with an inflatable softbox for soft, even lighting
- Handheld, suspended, or stand-mounted options
- Modular design for easy maintenance
- Multiple control options including DMX512, app control, and wireless remote
- Controls: DMX, App control, and wireless remote
- Maximum power of 210W
- High CRI and TLCI ratings above 96
- IP65 weather-resistant light body
- Sweeping 180° generous beam spread
- AC power and V-mount battery support
- Foldable, lightweight design
- 11 built-in FX lighting effects

C5R

- Lightweight and portable
- CCT: 2500-8500K
- RGBWW capable
- CRI≥96, TLCI≥97
- Two independent dials for easy adjustment
- Magnetic back for easy attachment
- 39 FX effects for creative lighting
- Built-in 3000mAh lithium battery for 2-hours runtime at full output
- Wireless/Type-C charging
- Controls: Godox Light App, on-board
- Includes a collapsible diffuser
- Available in an 8-light charging kit

C7R/C10R

- Constant power design ensures stable lighting
- CCT: 2000-10000K
- Magenta-green adjustment.
- RGBWW capable
- Built-in battery for C7R
- CRI≥96, TLCI≥97
- Quick reset of bluetooth connection via on-board buttons
- Precise control via Godox Light App
- Power supply: AC/DC
- Available in E26 and E27 base options for versatile compatibility
- C7R available in an 8-light charging kit

CINE LIGHTING REFLECTOR

High Reflectance

Four Diffusion Types

Varied Sizes

Versatile Applications

Comprehensive Accessories

LiteFlow 7/15/25/50/100

- Exceptional reflectance with a mere 3% power loss
- A variety of diffused lighting effects: D1/D2/D3/D4
- Five size options: 7×7/15×15/25×25/50×50/100×100 cm
- Sleek rail structure with a guide slot design, ensuring seamless installation
- Leveraging the square inverse law to extend the light path
- Effortless adjustments for convenient control
- Directly utilizing natural sunlight to balance lighting contrast, even without artificial sources
- Redirecting a single light source multiple times, reducing the need for additional fixtures and light- shaping tools
- Mimicking natural light decay, guaranteeing even lighting across the illuminated area
- Varying sizes grant you precise control over the illuminated area
- Coming with a comprehensive range of accessories

CONTROL SYSTEM

KNOWLED APP

- **Professional Lighting Control App:** Transform your tablet into a powerful DMX lighting console.
- **Universal Compatibility:** Manage lights of any brand with a universal DMX protocol.
- **Practical Lighting Layout Interface:** Seamlessly sync your on-set lights with a virtual grid for exact control.
- **Stability Across Connections:** Reliable wireless and wired connection options for uninterrupted control.
- **Customize Your Library:** Create a local DMX light fixture library tailored to your needs.
- **Intuitive and Clean Interface:** Navigate and control with ease, streamlining your lighting setup process.
- **Fader Mode:** Simulate a physical console's familiar experience with virtual sliders.
- **Control at Your Fingertips:** Make changes to lighting parameters through a graphic interface.
- **Lightweight Mobility:** Control all your lighting from your Android tablet or iPad – no heavy hardware needed.
- **Connectivity Your Way:** Choose between Bluetooth-CRMX and Ethernet Art-Net for versatile setup options.

Godox KNOWLED APP

Stable connection with lights of any brand

Position fixtures on the grid to match the setup

Wireless Connection - Bluetooth to CRMX

Wired Connection - Ethernet Art-Net

ACCESSORY

GP19K / 26K / 36K

- Evenly intensifying the illumination by times
- Project a crisp and clear beam without aberration
- Easily realizing versatile lighting effects with various accessories
- The rotatable handle allows more smooth and precise control
- Interchangeable lenses in 19°, 26°, 36°
- Efficient cooling system powered through G-Mount

CS-50D/65D/85D

- Extremely fast setup
- Stunning, soft, omni-directional light
- Bowens Mount for compatiblity
- Optional skirts for beam spread control

SF6090/SF4560 Kit

- Two versions to meet various size needs.
- Easy to store and transport with the carry case.
- Compact and foldable, making setup and usage easy.
- The black nets and one-stop silk can be used to adjust the contrast.
- The black solid fabric can be used to block unwanted illumination or create shadows.
- The two-stop silk can be used to diffuse and soften the light.
- The dots and fingers in black net and solid fabrics allow for shaping light on smaller objects or areas. Ideal for tabletop shooting or situations where larger fabrics are inconvenient.
- The open-edge design provides a softer cut of light and prevents hard transitions due to the edge.
- By finely adjusting the angle of the screen in front of the light, it allows for very changeable light and dark contrast, creating the desired transition.
QR-P70/P90/P120

• Reflective silver interior to render a punchy high contrast
• Removable inner and front fabric diffusers
• Impressive quick release system for rapid setup and breakdown
• Reliable light quality and various creative expressions
• Bowens mount strobes and continuous light compatible
